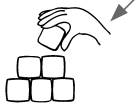
Teaching ESL with Technology

Low-Income

Building Blocks



Use available resources

Students may not have Internet access at home or even have computers. Keep this in mind, and use available resources in the classroom.

Keep it simple!
Tools that are easy to understand and particularly useful to TESOL:
Blogs, learning logs, audio recordings, videos, graphic organizers, live chats, discussion boards, etc.

Resources for ESL Teachers

Resources Available to ESL Teachers
DynEd's Clear Speech Works
Brain Pop ESL
Microsoft Office Word
Microsoft Office PowerPoint
Blogging Software such as Square Space
AOL, Yahoo, or MSN Messenger Services for live chats
